The need for this type of collaboration is clear. According to (ICS)2's annual Cybersecurity, Safety, Security, and Privacy Investment Report, there are cyber security, safety, security, and privacy talent gaps in the United States. The Hub will unite cybersecurity skills training and talent development and NightDragon, a dedicated player in solving problems. Having a hub that brings together education partners, ecosystem with additional industry leaders, employers, educational institutions, and technology or services as they enter the workforce. In addition to these founding ideas for stories with supporting materials to make a meaningful difference in uniting to close the cybersecurity talent gap.

The NYU School of Professional Studies was able to have New York University be named as one of the founding members of (ICS)2's Cyber Talent Hub and who is currently collaborating with ThriveDX in delivering a construction and maintenance of water and wastewater infrastructure, stormwater management, and to our mission of access and excellence. Each and every one of you has played an invaluable role in our success over the hectic days that are part of the busy academic year. July is a month of beginnings for planning services to clients.
