Dear NYU Community,

I hope you are as encouraged as I am about the diminishing numbers of COVID-19 cases in New York City and within the University community. The editorial team receives many submissions, and it will be difficult to include all. Please know that we appreciate your suggestions and will accommodate as many as possible.

In this edition of the Dean's Remarks, I am delighted to share the latest news and opportunities available to our NYU community. I also have renewed hope in enjoying some additional liberties and a gradual return to normalcy. Please continue to follow all guidelines and practices that have been established to ensure a safe campus environment.
