Tomlinson, who earned a PhD from the Massachusetts Institute of Technology's Sloan School of Management, holds a wide variety of courses including "Applied Research," "Data, Decision Making, and Analytics in Sports," and "Modern Management Thinking."

Haas holds a PhD from the Massachusetts Institute of Technology's Sloan School of Management. She teaches a wide variety of courses including "Applied Research," "Data, Decision Making, and Analytics in Sports," and "Modern Management Thinking."

If you would like to submit an event to be featured in the SPS Dean's Office Weekly Highlights, please contact Mary Chiu at mchiu@nyu.edu. Please submit all events by the Friday prior to the week they are to be featured. The deadline for this week is Friday, June 10, 2022.

Please join the effort to collect vital post-graduation information from members of the NYU SPS community. The NYU SPS Undergraduate and Graduate Student Council, with the support of the NYU SPS Wasserman Center for Career Development, in support of students' career development, is collaborating with the Office of Strategic Marketing and Communications. Please send comments and suggestions to the Office of Strategic Marketing and Communications. Please send comments and suggestions to the Office of Strategic Marketing and Communications.

In Case You Missed It...

Student participants worked in small groups to broaden their core areas of interest and expertise to lead creative leadership and career development. The American Theatre Wing, and hosted by Ariana DeBose, were held at Radio City Music Hall. The event included presentations delivered by expert practitioners who covered a broad range of issues related to the performing arts industry. This is the second academic year that Daryabegi has volunteered and collaborated with the American Theatre Wing to facilitate the event.

Newcomers Who Breathed Life into a Dying American Town

The Metaverse is emerging as the next critical facet of social connection. It will require an understanding of modern management thinking. As much as leaders want to make decisions with old management thinking, workplace flexibility. In the workplace flexibility, work from home, in the office, or from anywhere, should be the number one priority.
