share our high-level research notes with you. Post 1, below, covers a framework we believe in and a chance to learn about new areas, ideas, problems, and solutions. As we take a deeper dive into these spaces, we’ll try to provide a hands-on way for you to dig into what we are learning about them. We’re privileged to meet incredible founders every day who are solving for these spaces, and we have the opportunity to work with them on how to solve the core problem of making travel and dining better. Kayak is one of the longer-standing online travel businesses.

In fact, nine of the 25 launched in 2021 – and are already showing enough promise to warrant their selection. It has long been said that creativity and innovation often arrive in times of crisis. Our hope is to share some of the interesting thematic spaces we are exploring, and selections of the Hot 25 Travel Startups for 2023 certainly validate that mantra. The premise is that it could be made in a few minutes, should you be able to walk out of the elevator at night and make money on the spot. The entrepreneur spot a potential investor on an elevator and have the opportunity to make some initial contact.

Early stage rounds in particular have been highlighted as impacted by the more significant decrease of venture capital investment. Businesses are struggling. This technology is set to spark a new generation of innovators and entrepreneurs. And that’s what we’re all about at the HI Hub Incubator. We have an established record of helping early-stage companies find their way.
